

# EkkoPaks from Upsite Technologies

Easy-to-Order Packages for EkkoSense Monitoring and Optimization Solutions

Critical Things®  
Integrated Sensor Technology

Average cooling  
energy savings  
of 10-15%

EkkoSoft® Critical  
Immersive SaaS Platform

Real-time monitoring, data-driven optimization.

## With each EkkoPak, you will receive:

- An immersive **digital twin** of your data center for real-time thermal monitoring
- **Zones of Influence** for unique insights into cooling utilization
- A virtual **Cooling Advisor** to recommend cooling optimization tasks
- Robust **alerts and reporting** of data center operational performance
- **Cooling optimization** consulting from Upsite Senior Engineer, Lars Strong, P.E.

## EkkoPak 100: Designed for 100 Server Rack Room

- 2 EkkoSensors on the front of every rack (1 temperature and humidity, 1 temperature only)
- 1 EkkoSensor on the back of every rack (temperature and humidity)
- 1 EkkoAir on every cooling unit (up to 5 cooling units)
- 2 EkkoHubs
- 1 EkkoLink
- 1.5 hours of cooling optimization consulting

*As low as \$11.50 per rack per month!*

---

## EkkoPak 200: Designed for 200 Server Rack Room

- 2 EkkoSensors on the front of every rack (1 temperature and humidity, 1 temperature only)
- 1 EkkoSensor on the back of every rack (temperature and humidity)
- 1 EkkoAir on every cooling unit (up to 10 cooling units)
- 4 EkkoHubs
- 1 EkkoLink
- 3 hours of cooling optimization consulting

*As low as \$10.50 per rack per month!*

---

## EkkoPak 300: Designed for 300 Server Rack Room

- 2 EkkoSensors on the front of every rack (1 temperature and humidity, 1 temperature only)
- 1 EkkoSensor on the back of every rack (temperature and humidity)
- 1 EkkoAir on every cooling unit (up to 15 cooling units)
- 5 EkkoHubs
- 1 EkkoLink
- 4.5 hours of cooling optimization consulting

*As low as \$10.00 per rack per month!*

---

## EkkoPak 400: Designed for 400 Server Rack Room

- 2 EkkoSensors on the front of every rack (1 temperature and humidity, 1 temperature only)
- 1 EkkoSensor on the back of every rack (temperature and humidity)
- 1 EkkoAir on every cooling unit (up to 20 cooling units)
- 6 EkkoHubs
- 1 EkkoLink
- 6 hours of cooling optimization consulting

*As low as \$9.65 per rack per month!*
